

FINAL CAMERA-READY PAPER AND COPYRIGHT FORM SUBMISSION INSTRUCTIONS

You are instructed to follow the instructions for preparing the final Camera-Ready Paper and Copyright Form submission as given below:

Step 1: Final Camera-ready paper submission Preparation

1. Please follow the IEEE two-column A4 size standard conference format for preparing your final manuscript. For more details, please visit the IEEE Templates page: [IEEE Templates](https://www.ieee.org/conferences/publishing/templates.html) (<https://www.ieee.org/conferences/publishing/templates.html>).
2. Revised Version: Revise your paper based on reviewers' comments/suggestions. The reviewer's comments are available on the same Microsoft CMT Portal: [Reviewer Comments](https://cmt3.research.microsoft.com/ICPC2T2025/Submission/Index) (<https://cmt3.research.microsoft.com/ICPC2T2025/Submission/Index>). Authors should ensure that the reviewers' and meta-reviewers' comments have been addressed in the final manuscript.
3. The maximum page limit is six pages, including references. Do not include an author biography at the end.
4. Similarity index with other papers should be less than 30% including references. The maximum file size allowed is 10 MB, and the file format should be PDF (.pdf) without encryption or passwords.

Step 2: Address Reviewers' Comments

Prepare a **Response Sheet** detailing how you have addressed each of the reviewers' comments. The name of the document should be RS_PIDXXX.pdf (where xxx is your paper ID in CMT). This document must include:

1. The reviewer's comment.
2. Your response to the comment.
3. Changes made to the manuscript (if applicable), with page and section references.

Step 3: IEEE Copyright Notice

An appropriate copyright notice is to appear at the bottom of the first page of each paper. Replace the copyright notice in the camera-ready paper template (if it is provided in the template) with the correct copyright notice as follows:

1. For papers in which all authors are employed by the US government, the copyright notice is: **U.S. Government work not protected by U.S. copyright**
2. For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is: **979-8-3315-3040-2/25/\$31.00 ©2025 Crown**
3. For papers in which all authors are employed by the European Union, the copyright notice is: **979-8-3315-3040-2/25/\$31.00 ©2025 European Union**

4. For all other papers the copyright notice is: **979-8-3315-3040-2/25/\$31.00 ©2025 IEEE**

Step 4: PDF eXpress Check

After preparing the final revised manuscript, submit your manuscript to PDF eXpress using Conference ID (**63847X**) at the URL <https://ieee-pdf-express.org/Account/Login>. If you do not have an account in PDF eXpress, click on the link “Create Account” and fill in your information (email address and password). If you are not familiar with PDF eXpress, you can get detailed instructions on using IEEE PDF eXpress at: [Using IEEE PDF eXpress](https://ieee-pdf-express.org/External/UsingIEEEPDFeXpress) (<https://ieee-pdf-express.org/External/UsingIEEEPDFeXpress>) or contact at icpc2t-2025@nitrr.ac.in.

Step 5: Camera Ready Paper Submission

Submit the Camera-Ready Paper (after passing it through PDF express check/approved) through the author console in CMT. Please change the file name of the PDF eXpress checked camera-ready paper to PIDxxx (where xxx is your paper ID in CMT) before submission to CMT. Please note that authors are expected to retain the title of the original paper in the final paper. Also, the author list and order in the original paper cannot be changed in the final manuscript.

Note: please make sure before submitting the camera-ready paper you have approved the generated pdf in PDF eXpress.
